Summary

Aspiring software engineer with a solid foundation in HTML5, JSX, CSS3, JavaScript ReactJs, Core Java, and SQL, eager to kickstart a career in software development. Known for the strong problem-solving skills and also have a genuine passion for learning new technologies. Seeking to apply my skills in collaborative projects and committed to continuously enhancing my expertise in software engineering.

Technical Skills

- **Programming:** Javascript, Core Java.
- **Web Technologies:** HTML, CSS, ReactJs, Tailwind Css, Bootstrap, Redux Toolkit, State Management, NodeJs (API's).
- **Database:** SQL, MySQL, Database Management, MongoDB, mongoose.
- **Others:** Microservice Architecture (Basics), GitHub, Git, Vercel, Railway, Netlify.
- **Soft Skills:** Collaboration, Problem Solving, Time Management, Logical Reasoning, Interpersonal Skills, Excellent Communication.

Projects

[\[Link\]](#) **Ecommerce Website Using NextJS+ Styled Components + API'S Integration** | July 2024 - October 2024

- Implemented a real-time chat web application using Next.js, Socket.io, and MongoDB.
- Implemented user authentication and messaging functionality with Socket.io for seamless communication.
- Utilized Mongoose Library for MongoDB Atlas for data storage when user registers first time and smooth data management and also used Styled components within the Components of the User Client only.

[\[Link\]](#) **Ecommerce Website Using React.js + API'S Integration** | Mar 2024 - June 2024

- Developed Add to Cart functionality, Developed add/delete item features in the cart. Enhancing the user experience and Using the Redux and Bootstrap Built a comprehensive total price calculation feature..
- Fetching the images and data from backend NodeJs with API's Integration

[\[Link\]](#) **Augmented Reality on Furniture and Education Industry** | Jan 2023 - Jun 2023

- Implemented an AR project using ARCore technology and Integrated the 2D to 3D and medical skeleton visualization to aid medical learning.

EDUCATION

- **PDA College of Engineering**, Kalaburagi | B.E in Information Science and Engineering | July 2019 - June 2023 | 7.45 Cgpa

CERTIFICATES : NPTEL SOFTSKILL with Elite Badge, Udemy certificates, and Other Certificates
